

Salmon Fells Moore

IT and Program Management Solutions

8A Stars II Vendor / Service Disabled Veteran Owned

NAICS Codes 541511, 541512, 541513, 541519

Company Overview

Salmon Fells Moore (SFM) LLC is a Service Disabled Veteran Owned business, that has more than 22 years of experience providing flexible workforce management solutions. Servicing the requirements of government agencies and companies in the public and private sector; SFM strives to provide our customers with cost effective methods to implement technical innovation within their organizations, supply high-quality solutions and utilize data-driven metrics to support IT strategic planning decisions.

Our technologists are unique resources who look beyond industry paradigms in order to create scalable products while maintaining strict adherence to requirements and 100% customer satisfaction. SFM seizes the initiative, leveraging intellectual capital and team synergy to revolutionize the delivery of information technology service delivery.

Mission & Values

SFM's mission is to promote the highest quality of service to our customers with respect, trust, integrity and teamwork through honesty and open communication. We value our customers' business and strive to become indispensable by promoting excellence and exceeding expectations through the work of our qualified, diverse group of employees.

As a player in the cyber security arena, it is our challenge to continuously innovate responsible, cost-effective technical solutions and optimize enterprise-wide services. Our customers can rely on us to act as honest, ethical catalysts for technical developments relevant to tomorrow's world.

SFM is a contract holder for 8A Stars II (Contract # GS00Q17GWD2201). We are also ISO 9001:2015 and ISO 20000-1:2011 certified.
